

## ENFORCEMENT REPORT: VEHICLES RENEWED / TITLED

The purpose of the Enforcement Report is to provide DNREC with counts of vehicles Renewed / Titled within the reporting period, grouping the counts by Emission-Exempt and Emission-Required categories.

Records are selected based on the following criteria:

--ALL records on the Title file are reported

--"Powered" vehicles, with RENEWED-OR-TITLED-DATE falling w/i reporting period are counted in "row" (page 1) that corresponds to their EMISSION-CATEGORY-CODE (in the upper portion of the report).

--To account for the remaining records on the Title file:

----1" "non-powered" vehicles, 2" Ignored/Un-registered vehicles, and 3" records whose RENEWED-OR-TITLED-DATE falls outside the reporting period...are counted in the bottom portion of the report (page 2).

Column counts segregate the vehicle counts by EPA-CLASS with MC, N/A (not applicable) and UNK (unknown) EPA-CLASS falling under "OTHER".

The batch report will provide a report page for each separate county, then a report page with combined New Castle / Kent counties, -OR- a report page for the state of Delaware (total of 3 counties plus non-DE).

The online Batch Report Request function will enable DNREC to fill in a parameter to choose this report by county, entire state, or combined counties.

Row Heading definitions:

=>EMISSION-EXEMPT VEHICLES: This is a row heading to group all of the emission-test-exempted-vehicles. It reports Model Year Exemptions (e.g., pre-1968 car, new models) and Vehicle Classification Exemptions (e.g., Kit, >8500 lbs, M/C) plus provides the total number of Emiss.-Exmpt Vehs.(SUBTOTAL: Emission-Exempt Vehicles).

Provisions must be made on the 1998 / 1999 reports to be sure the five-model year exemption logic is not incorporated in the counts until the law was effective, November 1st, 1999 (will use 1/1/2000 as the starting point for five-model-year logic).

=>Model Year Exemptions: These rows provide counts of all vehicles that were exempted from emission/OBD inspections for model year limitations (new models, pre-emission, and limited emission models).

=>Test Exemptions: These rows represent vehicles exempted from all/some emission tests due to model year  
=>Emission Test: Exempted from ALL Emission/OBD testing (i.e., Emission, ECS, Tank/Cap, OBD) as determined by the vehicle model year. Yi.e. older than model year

1968; 3 years old (model years) or newer for 1998 and 1999 reports, 5 years old or newer for subsequent reports".

=>ECS &/or Tank/Press. Test: Exempted from ECS &/or Tank/Pressure Test as determined by the vehicle model year Y i.e., model year 1968 though 1975".  
=># Test exemptions: Count of the # of tests which were exempted.

=>Vehicle Classification Exemptions: This row provides sub-totals of all vehicles that were exempted from emission inspections for vehicle classification reason.  
=>Kit Cars: As determined in the Make data element as "KIT".

=>M/C and M/P: As determined by the Tag Type data element being "MC" or "MP".  
=>Not on Public Roads: As determined by the Tag Type data element being "CT", "F" or "OH".  
=>Diesel or Propane Fueled: As determined by the Fuel Type data element being "D" or "P" (Propane)-or "L" if changed to the ESP coding schema.  
=>Electric or Solar Fueled: As determined by the Fuel Type data element being "E" (or, sometime in the future (MAX-WEI-VEH) data element being greater than 8500 for all vehicles (exclude all Trailers).  
=>Special Tag Type: As determined by the INSPECTION CRITERIA: TAG PREFIX rule, certain Tag Types are exempt from the entire inspection process:

- . "A"-ambulance
- . "CT"-construction tag
- . "D/DX"-dealer, dealer ID
- . "F"-farm
- . "FD"-fire department
- . "MC"-motorcycle
- . "MP"-moped
- . "OH"-off highway
- . "R0"-rescue vehicle

=># vehicles exempted-Classifictn.: Count of the # of vehicles which were exempted due to 7 reasons above.

=>Inspection CarryOver Exemptions: This row provides sub-totals of all vehicles that were exempted from emission inspections but renewed the vehicle because their previous inspection was still valid. They optioned for a one-year renewal upon passing their previous inspection.

=># vehicles exempted-CarryOver: Count of the # of vehicles which were exempted due to the reason above.

=>SUBTOTAL: Emission-Exempt Vehicles: A subtotal of # vehicles exempted-Model Year, # vehicles exempted-Classifictn., and # vehicles exempted-CarryOver rows ABOVE.

=>EMISSION-REQUIRED VEHICLES: This is a heading row to group all of the emission-test-required vehicles. It will report Renewed/Titled with Emission test and Renewed/Titled w/o Emission test, plus provide the

total number of Emission-Required Vehicles (SUBTOTAL:  
Emission-Required Vehicles).

.  
=>Renewed/Titled with Emission, ECS, Tank/Pressure:  
This row provides totals of all vehicles that were  
inspected, passed all emission-related tests, and  
renewed.

=>Renewed/Titled with Emission, but no ECS and/or Tank/  
Pressure: This row provides totals of all vehicles that  
were inspected, passed the emission test (but did not  
have 1 or more of the ECS/Tank/Pressure tests), and  
renewed.

=>Renewed/Titled with Emission Waiver: This row  
provides totals of all vehicles that were inspected,  
failed at least part of the emission-related tests, but  
received emission-waiver and renewed.

=>Renewed/Titled w/o ANY reqd. emission / OBD testing:  
This row provides totals of all vehicles Titled/Renewed  
w/o ANY required emission/OBD testing (and did not  
fall into any of the exempt categories reported above).

=>Emiss. Failed; Unknown Results:  
This row provides totals of all vehicles Titled/Renewed  
with 1 or more emission/ECS/Cap/Tank test never Passing  
its previous result of Fail/Bypass.

=>CLEAN-SCREEN, Passed ECS / Cap:  
This row provides totals of all vehicles Titled/Renewed

.  
=>TOTAL: Renewed/Titled "Powered" Vehicles: A total of  
SUBTOTAL: Emission-Exempt Vehicles and SUBTOTAL:  
Emission-Required Vehicles rows above.

.  
=>TOTAL: Renewed/Titled "Non-Power" Vehs.: A total of  
but either/both required (with any Clean-Screen) ECS /  
Cap test not taken or remains with Fail/Bypass result.

=>Title Corr/Xfer, non-compliant:  
This row provides totals of vehicles Titled-Corrected/  
Xferred...that were "non-compliant", but MVSpecialist  
determined that vehicle would be getting inspected in  
the near future, at which time appropriate emissions  
tests would be performed to get vehicle in compliance.

=>Out-of-State, Passed:  
This row provides totals of Renewed/Titled vehicles  
inspected out of DE (e.g., due to military, business)...  
in which case most states do not perform the required  
emission tests (done if this vehicle inspected in DE).

=>OBD-II, Passed:  
This row provides totals of Renewed/Titled vehicles  
that received/passed all OBD-II test components.  
=>OBD-II, Fail-Unknown Results:  
This row provides totals of Renewed/Titled vehicles  
that either are missing OBD-II test components or where  
1 or more components remain in Fail/Bypass status.

=>MIL-TEST, Passed:  
This row provides totals of Renewed/Titled vehicles  
that received/passed all MIL-Test components.

=>MIL-TEST, Fail-Unknown Results:

This row provides totals of Renewed/Titled vehicles that either are missing MIL-TEST components or where 1 or more components remain in Fail/Bypass status.  
=>SUBTOTAL: Emission-Required Vehicles: A subtotal of Renewed/Titled with Emission test and Renewed/Titled w/o Emission test rows above.

.  
=>TOTAL: Renewed/Titled "Powered" Vehicles: A total of SUBTOTAL: Emission-Exempt Vehicles and SUBTOTAL: Emission-Required Vehicles rows above.

.  
=>TOTAL: Renewed/Titled "Non-Power" Vehs.: A total of the vehicles which do not have a "power" source, such as trailers and recreational trailers. As determined by the Tag Type data element being "T" or "RT".

.  
=>GRAND TOTAL: Renewed/Titled Vehicles: A total of TOTAL: Renewed/Titled "Powered" Vehicles and TOTAL: Renewed/Titled "Non-Power" Vehicles rows above.

.  
To assist OIS/DNREC to reconcile the numbers (in order to account for all records on the Title file), the following totals appear on the 2nd page:

.  
=>TOTAL: Ignored Records (e.g., Retained, IRP) : A total of all the Title file records that were ignored Ý"Z"/"Y"" for reasons such as:

====>TEST records (such as '959595' and '969696')  
====>Retained Tags (Record-Type begins with an "R")  
====>Held records (Record-Type begins with an "H")  
====>Exclude any Title record that is an IRP vehicle  
====>Reg-Cancel-Flag = "8"-delete record.

.  
=>TOTAL: "Powered" Vehicles not Renewed: A count of the Title records for "Powered" vehicles Ý"A/B/C/D/E/F/G/H/I/J/K/L/M/N/O/P/Q/S/T/V/W/1/2"" due for renewal outside of Report Period, or, for whatever reason, were due for Renewal but did not renew during the Reporting Period.

.  
=>TOTAL: "Non-power" Vehicles not Renewed: A count of the Title records for "Non-power" vehicles which were either "not due for Renewal" Ýfall into row "R", but are outside of report period" or, for whatever reason, were due for Renewal but did not renew during the Period.

.  
=>TOTAL: Non-registered Vehicles(e.g., "U"): A count of the Title records for "non-powered" vehicles which are not registered, such as Mobile Homes or "U"n-registered vehicles that are Titled, but are not ready for registration yet.

.  
=>TITLE FILE TOTAL: All records: A total of TOTAL: Ignored Records, TOTAL: Vehicles not Renewed, no

Emission, TOTAL: Vehicles not Renewed, w. Emission and  
TOTAL: Non-registered Vehicles rows above.

.

Report rows are determined via each Title record's  
Emission-Category-Code field value, as follows:  
==>'A': Emiss./OBD Exempt, Model Year Exemptions for  
Emiss./OBD Test. (Exempted from ALL Emiss./OBD tests as  
determined by model year, i.e., less than model year  
1968 -or- 3 years or newer for 1998+1999 reports -or-  
5 years or newer on subsequent reports).  
==>'B': Emission Exempt, Model Year Exemptions for  
ECS &/or Tank/Press. Test. (Exempted from ECS &/or Tank  
&/or Cap testing but still required to have Emission  
test, i.e., model years 1968 thru 1975).  
==>'C': Emission Exempt, Vehicle classification for  
Kit Cars. (As determined in Make data element as "KIT")  
==>'D': Emission Exempt, Vehicle classification for  
M/C and M/P. (As determined by Tag Type data element  
being "MC" or "MP").  
==>'E': Emission Exempt, Vehicle classification for  
Not on Public Roads. (As determined by Tag Type data  
element being "CT", "F" or "OH").  
==>'F': Emission Exempt, Vehicle classification for  
Diesel or Propane Fueled. (As determined by Fuel Type  
data element being "D" or "P").  
==>'G': Emission Exempt, Vehicle classification for  
Electric or Solar Fueled. (As determined by Fuel Type  
data element being "E" or "?"S"?{future}).  
==>'H': Emission Exempt, Vehicle classification for  
Over 8500 Pounds. (As determined by MGWR data element  
being > than 8500 for all vehicles {excludg. trailers}).  
==>'I': Emission Exempt, Vehicle classification for  
Special Tag Type. (As determined by INSPECTION CRITERIA  
: TAG PREFIX rule, certain Tag Types are exempt from  
entire inspection process such as "A"-ambulance, "FD"-  
Fire Department vehicles.  
==>'J': Emission Exempt, Inspection CarryOver. (non-New  
Model vehicle exempt from emission inspection due to  
still-current prior inspection, e.g., vehicle renewed  
the prior year for only 12 months instead of 24).  
==>'K': Emission Required, Passed Emission, ECS, and  
Tank/Pressure. (Renewed vehicle passed all emission-  
related tests).  
==>'L': Emission Required, Passed Emission, no ECS  
&/or Tank/Pressure. (Renewed vehicle passed emission  
test, but missed/failed ECS &/or Tank &/or Cap test).  
==>'M': Emission Required, Emission Waiver granted.  
(vehicle cannot pass emission inspection, but improved  
test results and satisfied waiver criteria, thus was  
granted waiver / was permitted to renew registration).  
==>'N': No required Emiss./ECS/Tank/Cap or OBD testing  
This includes vehicles that:  
o renewed in error (or illegally) that should have  
had emission test(s) prior to Renewal/Titling;  
o transferred (titled) to new owner, with new owner

retaining prior owner's unexpired registration time,  
thus, titled without concurrent emission test(s);  
o had ESP record "lost" (i.e., ESP record never got  
successfully written to mainframe Inspection-Results  
file and an ESP Downtime record was not entered).  
==>'O': Failed Test(s); Unknown Results. (Vehicle has  
failing/bypassed Emission &/or ECS &/or Tank &/or Cap  
test(s) for which a Passing result was never achieved).  
This includes vehicles that:  
o had failing/bypassed test, then transferred out of  
state without completing testing/renewal.  
o had ESP record "lost" (i.e., ESP record never got  
successfully written to mainframe Inspection-Results  
file and an ESP Downtime record was not entered).  
==>'P': CLEAN-SCREEN, Passed ECS / Cap (vehicles that  
received CLEAN-SCREEN (i.e., Emission, Tank Pressure, &  
Hose tests exempted due to backed-up inspection lanes  
and vehicle met EPA qualifications for CLEAN-SCREEN  
test in lieu of full emission test battery).  
==>'Q': CLEAN-SCREEN, Unknown Results (vehicles that  
received CLEAN-SCREEN (i.e., Emission, Tank Pressure, &  
Hose tests exempted due to backed-up inspection lanes)  
but vehicle failed required ECS &/or Cap Pressure test  
and never successfully Passed...result unknown.  
==>'R': TOTAL:Renewed/Titled 'Non-Power' Vehicles (for  
example: trailers). (As determined by Tag Type data  
element being "T" or "RT". Non-powered, thus no need  
emission inspection).  
==>'S': Title-Correct/Transfer, non-compliant. Vehicle  
Title record corrected/transferred...MVSspecialist did  
Bypass of emission/OBD test requirements since vehicle  
due to get inspected in near future.  
==>'T': Out-of-State Inspected. DE vehicle inspected  
out of DE (e.g., on business in CA). Out-of-State form  
entered into I-R file to substitute for ESP record Ymay  
/may not include DE-required emission/OBD test results"  
==>'U': Non-registered vehicles (for example: mobile  
to New Model, Heavy, and other exempt vehicle types  
being included in New Model, Heavy. etc. counts, rather  
than the Carryover count (remember---vehicles that fall  
into multiple categories are only counted once).  
==>'V': OBD-II, Passed. Vehicle had / passed all  
required OBD-II test components.  
==>'W': OBD-II, Fail-Unknown results. Vehicle missing  
==>'Y': DMV TEST Record. DMV uses this Title record  
for testing...exclude from real counts.  
==>'Z': Ignored records (for example: Retained tags)  
==>'1': MIL-TEST, Passed. Vehicle had / passed all  
required MIL-TEST components.  
==>'2': MIL-TEST, Fail-Unknown results. Vehicle missing  
or has Fail/Bypass for MIL-TEST component.  
.  
\*\*\*Special Notes to Remember\*\*\*  
o Carryover counts will always seem low...this is due  
to New Model, Heavy, and other exempt vehicle types  
being included in New Model, Heavy. etc. counts, rather

\*\*\* FOOTNOTES \*\*\*

- =====
- {1}: EXEMPT from ECS &/or Tank/Cap Test due to older model year, but Emission Test still required.
- {2}: Vehicles Exempted from emissions testing due to Carryover (i.e., inspected previous year but only Renewed for 12 months at that time).
- {3}: Vehicles that did not receive one or more of the following tests:  
Emission Control System check, Gas Cap pressure test, Fuel System pressure check.
- {4}: Vehicles may or may not have been Titled / Renewed during report year.
- {5}: Vehicles registered (via Title/Renewal) during report year in a Transfer of ownership, and had time remaining on the vehicles' emission inspection period.
